Mr. Larry D. Judson
Owner
K-Designers
11261 Sunrise Park Drive
Rancho Cordova CA 95742

Dear Mr. Judson:

We would like to thank you for your recent donation to the American Heart Association's American Heart Walk. We are pleased to provide you with this record of your gift of \$250.00 to the American Heart Association.

For purposes of IRS substantiation, the American Heart Association discloses that we did not provide any substantial tangible benefit in consideration, in whole or in part, for this contribution.

The American Heart Association (AHA) is committed to reducing disability and death from cardiovascular disease and stroke. While significant advances have been made, heart and blood vessel diseases remain the number one cause of death.

The AHA's first priority is prevention. That's the best way to save lives and bring America's number one killer under control. Accordingly, we invest more money in funding research than any other area. Since 1949, in fact, the AHA has invested more than \$754 million in cardiovascular research, producing many lifesaving scientific breakthroughs. New drugs, new surgical techniques and pioneering technical advances have all resulted from AHA-funded research. Closer to home the California Affiliate has been able to provide \$510,000 in research grant projects to the University of California, Davis for fiscal year 1994-95.

Thanks again for your support in the fight against heart disease and stroke. If you have any questions, feel free to give us a call at (916) 446-6505.

Sincerely,

Jennifer Bulotti
President, AHA Board of Directors
